

# Integrating Reasoning into Everyday Applications Schedule

This 1-day symposium will take place on Saturday, October 14

## Saturday Schedule

### 9:15 am - 10:30 am

A Spreadsheet for Everyday Symbolic Reasoning  
*Iliano Cervesato*

Implementing Logic Spreadsheets in LESS  
*Andre Valente, David Van Brackle, Hans Chalupsky and Gary Edwards*

### 10:30 am - 11:00 am Break

### 11:00 am - 12:30 pm Session

Adding Deductive Logic to a COTS Spreadsheet  
*Marcelo Tallis, Rand Waltzman, and Bob Balzer*

Applying Common Sense Reasoning to Suggest Lines of Enquiry in a Knowledge Management Application  
*Michael Witbrock*

Roundtable on Reasoning and Knowledge  
*Moderator: Michael Kassoff*

### 12:30 pm - 2:00 pm Lunch

### 2:00 pm - 3:30 pm Session

Using Logical and Probabilistic Reasoning to Support Electronic, Interpersonal Interactions  
*Luke McDowell*

Semantic Email Addressing: Sending to People, Not Strings  
*Michael Kassoff, Charles Petrie, Lee-Ming Zen and Michael Genesereth*

Roundtable on Integrating Reasoning into Interpersonal Applications  
*Moderator: Andrew Gordon*

### 3:30 pm - 4:00 pm Break

### 4:00 pm - 5:30 pm Session

Factored Planning for Controlling a Robotic Arm  
*Jaesik Choi and Eyal Amir*

Integrating Logical Inference into Statistical Text Classification Applications  
*Andrew Gordon and Reid Swanson*

Roundtable on Integrating Reasoning into Everyday Applications  
*Moderator: Iliano Cervesato*

### 5:45 pm - 7:15 pm Plenary Session
